

The **TNGS Challenge** of this week is as follows:

Players need to make a group video showing both the **Growth Mindset** and the **Technical Aspect**. **Growth Mindset** needs to be explained and must include how it affects your game performance. Also, participants need to explain how **Technical Actions** are applied depending on the game situation. In this case, participants can record themselves performing a technical action and explaining why they are applying it.

<b>Group 1</b>
<b>Matt</b>
<b>Aiham</b>
<b>Siviwe</b>
<b>Dinho</b>
<b>Sybok</b>

<b>Group 2</b>
<b>Xander</b>
